- ▶ Business Makeover

## Box Truck Honorable Mentions

**Heritage Heating & Plumbing, Stoneham, Mass.**

An old ambulance with a new life. What a great idea!

**Louisiana Plumbing LLC, Bossier City, La.**

Eye-catching graphics ... and we love the fact "You Know The Price Before We Start."

**John C. Elzer Plumbing, Monterey, Calif.**

A real classy-looking truck.

**Brothers Plumbing & Heating, Northglenn, Colo.**

An extremely nice-looking truck.

*(Note: This company had great entries in the van and pick-up truck categories as well, and was the winner in the pick-up truck category. Their overall "fleet" is very impressive.)*

**Brothers Plumbing & Heating • Northglenn, Colo.**

## Best-Looking Pick-Up Truck

There were not as many entries in this category; however, there were several really good-looking pick-ups! The winner (Brothers Plumbing) also had top-notch entries in the Box and Van category, and if there was an award for the best overall fleet, it would go to this firm. Its attractive logo treatment pops off its white trucks, while the other elements (phone number, Web site, etc.) are easy to read for a clean, classy and consistent design.
